

Notion Press | Author Publishing Policy Handbook

Official Author Guidelines, Royalties, ISBN, Production SLAs & Distribution Standards • Version 2026.2

1. Self-Publishing Roadmap & Submission Guidelines

- **5-Step Publishing Process:** (1) Project Creation on notionpress.com, (2) Manuscript Upload in MS Word (.docx) or print-ready PDF, (3) Cover Design upload (300 DPI CMYK), (4) Retail Pricing & Free ISBN Allocation, (5) Proof Review & Approval.
- **Supported Trim Sizes:** 5x8 inches, 6x9 inches (standard trade), and standard A5.
- **Publishing Timeline:** Standard end-to-end timeline from manuscript upload to proof approval is 7 to 14 business days.
- **DIY Publishing Cost:** Self-publishing on Notion Press is 100% free with no mandatory setup packages.

2. Author Royalty Calculation & Payout Schedule

- **Author Profit Formula:** Authors earn 100% of Net Author Profit on every copy sold across all retail channels.
- **Net Profit Calculation:** $\text{Net Profit} = \text{MRP} - \text{Production/Printing Cost} - \text{Distribution Margin}$.
- **Payout Cycle:** Royalties are calculated on a monthly calendar cycle and disbursed directly to the author's registered bank account by the 10th of every month.
- **Minimum Payout Threshold:** The minimum threshold is ₹1,000. Unpaid balances roll over to the subsequent month automatically.
- **Copyright & Ownership:** The author retains 100% copyright, intellectual property, and film/adaptation rights under a non-exclusive publishing agreement.

3. ISBN Allocation, Barcodes & Revision Rules

- **Free ISBN Assignment:** Free 13-digit ISBNs are assigned for paperback and eBook editions during project creation.
- **Own ISBN Usage:** Authors who already possess an ISBN from Raja Rammohun Roy National Agency can register it at zero charge.
- **EAN-13 Barcodes:** High-resolution EAN-13 barcodes are generated and printed on the lower-right back cover automatically.
- **ISBN Immutability:** International ISBN standards prohibit reassigning or transferring an ISBN. Revisions altering >20% text or modifying trim size require a new ISBN.

4. Production SLAs & Go-Live Timelines Post-Proof Approval

- **Proof Validation SLA:** Post author digital proof approval, printer spooling and pre-flight validation take 48 to 72 hours.
- **Notion Press Store:** The book listing goes live for purchase within 3 to 5 business days.
- **Amazon India & Flipkart Syndication:** Distribution feeds syndicate product listings to Amazon and Flipkart within 7 to 14 business days post proof approval.
- **Temporary Out of Stock Status:** Initial listings on Amazon or Flipkart may display 'Temporarily Out of Stock' for the first 24 to 48 hours while the retailer caches product metadata and barcode.
- **Hardcover Editions:** Require 10 to 14 business days due to casewrap binding and dry-mounting.
- **eBooks (Kindle/Kobo):** Go live on digital marketplaces within 3 to 5 business days.

5. Distribution Channels, EDI Feeds & Print-on-Demand (POD)

- **Domestic Channels:** Notion Press Store, Amazon.in, and Flipkart.
- **Marketplace Indexing Lag:** Metadata is transmitted via automated EDI feeds. Because external retailer search engines index asynchronously, it takes 5 to 7 business days for new titles to appear in public search results.
- **Print-on-Demand (POD) Model:** Books are printed per customer order within 48 hours of purchase. No physical warehouse stock is held.
- **Global Distribution:** Available in 150+ countries via Amazon.com (US, UK, Europe) and IngramSpark global network (activation takes 2 to 3 weeks).

6. Author Copy Orders & Bulk Printing Discounts

- **Author Copy Pricing:** Authors can order personal copies anytime at direct subsidized print production cost.
- **Turnaround Time:** Author copies are printed and dispatched within 3 to 5 business days.
- **Volume Discounts:** Additional tiered bulk discounts apply for orders exceeding 50, 100, and 500 copies.

7. Content Rights, Unpublishing & Cancellation Policy

- **Unpublishing Flexibility:** Authors can unpublish or pause book sales anytime from the author dashboard with zero penalties.
- **Exclusive vs Non-Exclusive:** Notion Press is strictly non-exclusive; authors are free to publish elsewhere.
- **Editorial Compliance:** All manuscripts must comply with copyright law and cannot contain plagiarized or defamatory material.
